Register now for a California Forest Stewardship Targeted Grazing for Fuels Management Field Day

Monday, June 13, 2022

9:00am – 12:00pm, First Rain Farm,
Nevada City, CA

Join us in discussions and hands-on experiences around the use of targeted grazing to create your desired forest conditions.

We will discuss how to pick the right grazer/browser; animal care and protection from predators; and how grazing can help forest landowners meet vegetation management goals.

Additionally, participants will learn how to manage electric fencing, stock water and animal handling.

Registration is free but limited to the first 15. Sign up now
